

Empowering patients on their path to healing

Our experts work together to create an effective care plan across specialties.
Weill Cornell Medicine spine specialists are part of Och Spine at NewYork-Presbyterian.

Spine Surgery

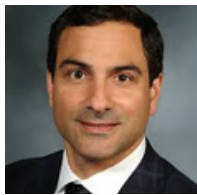

Roger Härtl, MD

K. Daniel Riew, MD

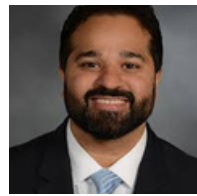

Kai-Ming Fu, MD, PhD

Michael S. Virk, MD, PhD

Paul Park, MD, MMS

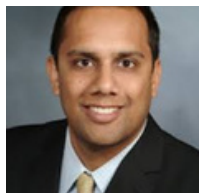

Ibrahim Hussain, MD

Galal Elsayed, MD

When surgery is part of the treatment plan, our spine doctors offer advanced surgical expertise in complex and minimally invasive procedures. Our surgeons are specialists in spinal tumor treatment, including spinal tumor resection, spinal stabilization to preserve mechanical and neurologic function, and surgical techniques such as vertebroplasties and microsurgical and endoscopic procedures.

Pain Management

Neel Mehta, MD

Shakil Ahmed, M.B., B.S.

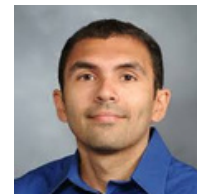

Tiffany Lin, MD

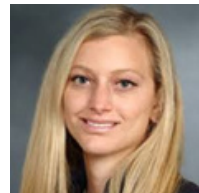

Jatin Joshi, MD

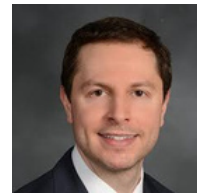

Rohan Jotwani MD, MBA

Mohammad Piracha, MD

Lisa R. Witkin, MD

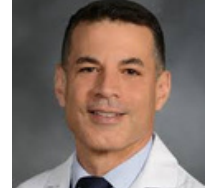

Philip Petrou, MD

Weill Cornell Medicine pain management doctors help you with your pain at any stage of your condition. Our goal is to improve your daily function and overall well-being. We treat back pain, neck pain, joint pain, nerve-related pain, and cancer pain.

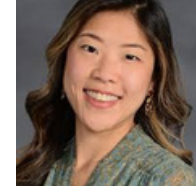

Physical Medicine and Rehabilitation

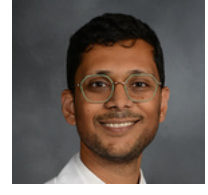

Jaspal R. Singh, MD

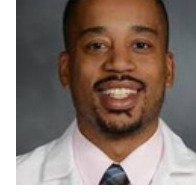

Nasser Ayyad, DO

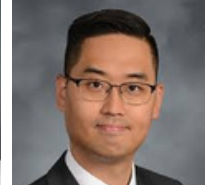

Michelle Chi, MD

Prabhav Deo, MD

Stanley Guilleume, MD

Ben Shin, MD

Vandana Sood, MD

Weill Cornell Medicine specialists help restore movement and function by combining physical therapy with advanced treatment techniques. We use minimally invasive, image-guided spine procedures, targeted nerve blocks, and musculoskeletal ultrasound to treat injuries.
